

Sustainable Ag 2025 Catalog

This catalog is a product guide for our sustainable farming, homesteading, and avid gardening customers. It does not offer a complete listing of our available products. We are a full-service feed and farm supply and carry way more than what can be printed in this catalog! Fencing and seed prices can be found on our website. For other product information and/or pricing, please call or email us. NOTE: We try our best to keep prices current in this catalog, but it is possible that some prices may change before updates are made to the catalog.

Bulk Pricing: With some exceptions, all 50# bags receive a **5% discount when buying 10+ bags** and a **10% discount for full pallets**. Soil amendments and potting mixes can be mixed and matched to reach the 10-bag minimum for the **5% discount**. Pallet and ton pricing does not qualify for mix and match.

A Special Note to Our Organic Certified Customers or Those Seeking Certification: Although all the products in this catalog contain natural ingredients, it does not always mean they have been approved by a certifying agency. Please use caution when choosing inputs for your farm, and when in doubt, ask your certifier. If you are interested in certification but do not have a certifier yet, we recommend contacting the Carolina Farm Stewardship Association. CFSA offers a free consulting service to help growers navigate through the world of getting certified. For more information, visit <http://www.carolinafarmstewards.org>.

Multi-Purpose Fertilizers

Alfalfa Meal OG (3-2-2+minerals) 50lb. NOP – Slow-release soil conditioner; increases microbial activity; 1/2 oz. Per 1" potted plant, 2.5lbs./100 sq. ft. in gardens **(40 Bags/Pallet)**

\$8.95 / 10 lb. bag \$38.95 / 50lb bag \$37.00 / 10+ Bags \$35.05 / Bag per Pallet

BioGreaux Crab Flake Meal (4-4-0, +18% Ca and High Levels of Chitin) 44 lb. NOP

Made from 100% Blue Crab, no additives. Crab shell is an excellent source of macro and micro nutrients. The high levels of chitin create a perfect feeding ground for chitin eating bacteria; thereby increasing the bacteria's population. These bacteria in turn feed on the chitin containing cell walls of nematodes and fungi in the soil. The increased presence of chitin in the soil also triggers a defense response in the plant causing a release of chitin destroying enzymes, thus increasing the plants' defense mechanisms and immune response. In this way, the crab shell inadvertently creates a hostile environment for nematodes and fungi and strengthens plants.

\$42.95 / 40lb. bag \$40.80 / 10+ Bags \$38.66 / Pallet (40 Bags/Pallet)

Coast of Maine Lobster Meal (6-2-0 with 8% Calcium) 4 lb. OMRI

Lobster Meal is a unique single-ingredient fertilizer, high in both natural nitrogen and calcium to help promote strong stem growth, healthy green foliage and a vigorous root system. It is made of ground, dehydrated lobster, with some crab shell mixed in. It can be mixed into the soil of new beds, placed in planting holes or used to top dress existing garden beds, container gardens, houseplants and lawns. It can also be used as a compost bio-activator. An added benefit of lobster is that it is naturally high in chitin, which when in the soil releases an enzyme that deters many insects. Feeding directions can be found on Coast of Maine.com.

\$14.95 / 4 lb. Bag

Coast of Maine Stonington Blend Plant Food (5-2-4) 4 lb. OMRI

Coast of Maine Organic Products Stonington Organic Plant Food is an exceptional granular organic fertilizer that will supercharge the biology of container gardens. It is made with lobster, crab, fish and kelp meal, plus worm castings and other natural ingredients. It is also high in calcium which helps promote plant vigor. It can be mixed into the soil for new beds or used to top dress existing plantings. Feeding directions can be found on Coast of Maine.com.

\$17.95 / 4 lb. bag

Espoma Bio-Tone Starter Plus (4-3-3) 4 lb.

A natural slow-release fertilizer for all vegetables and herbs. Loaded with Bio-Tone beneficial microbes, humates and other safe and natural ingredients to feed your plants and fight off disease throughout the season.

\$8.99 / 4 lb. bag

Espoma Garden Food (10-10-10-) 6.75 lb.

is a high-quality, all-purpose fertilizer designed for agricultural use. It delivers the three essential nutrients for plants: nitrogen, phosphorus, and potassium. True to all Espoma products, it contains no sludges or fillers.

\$13.99

FoxFarm's Happy Frog Acid Loving Plants Fertilizer (4-5-3) 4 lb. OMRI

Specifically formulated for use on azaleas, rhododendrons, camellias, hydrangeas, evergreens, blueberries, raspberries, strawberries, and all other acid loving plants, this blend of fertilizers and microorganisms delivers nutrition where your plants need it most. Mycorrhizal fungi are included to help increase root efficiency, which may enhance nutrient uptake and water absorption.

\$10.99 / 4 lb. Bag

FoxFarm's Happy Frog All Purpose Fertilizer (6-4-5) 4 lb. OMRI

Happy Frog® All-Purpose is a ready-to-use blend of fertilizers and soil microbes. Mycorrhizal fungi are included to help increase root efficiency, which may enhance nutrient uptake and water absorption. Recommended for vegetable gardens, annual and perennial flower gardens, ornamental plantings, and all types of container gardening.

\$9.99 / 4 lb. Bag

FoxFarm's Citrus & Avocado Fertilizer (7-3-3) 4 lb. OMRI

This formula contains nitrogen for robust vegetative growth, as well as calcium and sulfur to address the needs of these citrus trees. Mycorrhizal fungi are included to help increase root efficiency, which may enhance nutrient uptake and water absorption. Feeding rates on foxfarm.com.

\$10.99 / 4 lb. Bag

FoxFarm's Happy Frog Fruit & Flower (4-9-3) 4 lb. OMRI

This formula contains premium ingredients like bat guano, kelp meal, bone meal, feather meal, and beneficial microbes with a guaranteed analysis on microbial colonies and concentrations. We have used this product on both raised beds here and on home gardens with remarkable success and give the Foxfarm line a solid green thumbs up! Foxfarm recommends feeding monthly through harvest time, ½ cup for every 2 feet of plant height.

\$11.99 / 4 lb. Bag

FoxFarm's Happy Frog Jump Start Fertilizer (3-4-3) 4 lb. OMRI

Formulated for use on transplanted seedlings and re-potted container plants. This proprietary mix of fertilizers supplies phosphorus, a nutrient necessary for the early stages of plant growth. It also contains calcium which may help build stronger cell walls and boost the plant's ability to resist disease. Mycorrhizal fungi are included to help increase root efficiency, which may enhance nutrient uptake and water absorption. Feeding rates available on foxfarm.com.

\$10.99 / 4 lb. Bag

FoxFarm's Happy Frog Tomato & Vegetable (5-7-3) 4 lb. OMRI

Contains premium ingredients like bat guano, kelp, alfalfa meal, fish meal, and naturally occurring organic material. Foxfarm products provide a guaranteed analysis on microbial colonies and concentrations. We have used this product on both raised beds here and on home gardens with remarkable success and give the Foxfarm line a solid green thumbs up! Foxfarm recommends feeding monthly through harvest time, 2-3 cups per 10 sq' depending on crop. Recommended rates per crop are on the bag.

\$10.99 / 4 lb. Bag

Harmony Ag Organic Fertilizer (5-4-3) 40 lb. OMRI – Slow release; made from all natural poultry manure; 1% water soluble. N, 4% water insoluble. N, 4% P₂O₃, 3% K₂O, 9% calcium, .08% magnesium, 0.2% iron. We keep several ton pallets of bagged Harmony in stock, but we do not stock ton totes at this time. Totes are special ordered when we pull in our truckloads of Harmony.

\$18.99 / 40# bag

\$17.99 / 10+ Bags

\$16.47 / Pallet (50 Bags/Pallet)

Nature Safe Pelletized Fertilizers 50 lb. OMRI

We are purchasing these fertilizers directly by the tractor trailer load, so our intention is to keep several tons of each formula on hand at all times for your convenience.

8-5-5 \$33.50 / 50 lb. bag

\$31.83 / 10+ Bags

\$1150 / ton (\$28.75 ea)

10-2-8 \$40.00 / 50 lb. bag

\$38.00 / 10+ Bags

\$1440 / ton (\$36.00 ea.)

13-0-0 \$37.00 / 50 lb. bag

\$35.15 / 10+ Bags

\$1320 / ton (\$33.00 ea.)

Neptune's Harvest Crab & Lobster Shell (5-3-0) 4 lb. OMRI

An excellent dry organic source of nutrients, including Calcium (17%) and Magnesium (1%). It retains moisture in the soil, builds organic matter, and creates deeper roots. High in Chitin, which promotes the growth of Chitin-eating bacteria in the soil. Helps eliminate Ants, Grubs, Fungus & Root Nematodes, due to being Chitin based in structure.

\$14.95 / 4 lb. bag

North American Kelp Meal for Plants & Animals USDA Organic

Harvested from clean Northern Canadian waters. Slow release; improves soil texture & fertility; 10-20 lb./1000 sq. ft., 400-800 lb./acre for field crops. As an animal supplement, mix as 1-2% of the feed ration or feed free choice.

\$29.95 / 10 lb. bag

\$94.99 / 50 lb. Bag

\$90.24 / 10+ Bags

True Seabird Guano (6-12-0) 4 lb. OMRI

We've asked for this for years but never been able to source it before now. Excellent organic phosphorous source!

\$12.99 / 4 lb. bag

True Tomato and Vegetable (4-5-6) 12 lb. OMRI

Seabird guano, shrimp shell & crab shell meal, poultry manure, soybean meal blended at a rate ideal for fruiting vegetables- New retail option brought to you by the CA company responsible for fertilizing much of the West Coast's USDA organic commercial crops.

\$26.99 / 12 lb. bag

Neem Seed Meal (4-3-1.5) 44 lb OMRI

Great Vegan fertilizer option! Made from neem cakes that were pressed for neem oil extraction. Neem meal is both a well-balanced fertilizer and a pest repellent. The high Azadirachtin content can protect crops against a wide variety of parasitic nematodes. 44 lb. per 1000 sq' prior to planting.

\$66.00 / 44 lb. bag

Nitrogen Sources

Blood Meal from Poultry or Porcine (12-0-0) 50 lb. USDA Organic 40 Bags/Pallet

Repels vermin; heats up compost; side dress veggies at 2 lb./100 ft. row or 300-500 lb./acre

\$18.99 / 10 lb. bag

\$67.00 / 50 lb. bag

\$63.65 / 10+ Bags

\$60.30 / Bag / Pallet

Feather Meal 50 lb. Join our newsletter to stay tuned for our next bagging day!

Slow release w/ low water solubility; nitrogen becomes available through microbial activity; 200-250 lb. per acre. We source feathermeal sold as a feed additive, so it does not have an N-P-K label. The most recent waste analysis we ran on a batch was 14-0-0. It typically runs 12-13% nitrogen, so we recommend using this figure when making calculations for your crops. We buy bulk feather meal from Tyson's rendering plant in Harmony, NC and bag it ourselves. We stock 50 lb. bags, but on bagging days, you can save more per lb. by bringing your own containers.

\$32.99 / bag

\$31.35 / 10+ Bags

Nature Safe Pelletized Feather Meal 50 lb. OMRI

We began stocking this fertilizer out of customer requests for a less stinky, more easily spreadable organic nitrogen alternative to traditional feather meals.

13-0-0 \$37 / 50 lb. bag

\$35.15 / 10+ Bags

\$1320 / ton (\$33 ea)

Sodium Nitrate AllGanic Soluble (15-0-2+minerals) 50 lb. OMRI 56 Bags/Pallet

Pelletized, fast-acting, naturally occurring mined product. Apply no higher than 100-150 lb. per acre for heavy feeding vegetables. Do not apply close to plant stems; product may burn.

\$57.95 / bag

\$55.05 / 10+ Bags

\$52.15 / Bag / Pallet

Yaraliva Tropicote Calcium Nitrate 15.5-0-0, 19% Ca - 50 lb. 49 Bags/Pallet

One of the most popular nitrogen sources in today's agriculture industry. Fast-acting nitrate, providing long lasting growth for plants as well as calcium for plant strength and resistance to stress. Not recommended for use in organic farming. Applying calcium nitrate in weeks leading up to harvest can improve yield, size, and appearance of your crop.

\$24.99 / bag

\$23.99 / 10+ Bags

\$21.69 / Bag / Pallet

Phosphorous Sources

Blacksmith BioScience MegaPhos SP Phosphorus Solubilizing Microbe OMRI

Use this phosphorus solubilizer to unlock the bioavailability of phosphorus already in your soil and/or when amending your soil with phosphorus. Active ingredient *Bacillus megaterium* strain HM87. Labeled for use in most produce, forage, lawn and turf crops.

\$125.00 / 1 lb. bag

Bone Meal, steamed (2-14-0) 50 lb. OMRI 40 Bags/Pallet

Starter fertilizer for immediate phosphorous w/ 30% calcium; 2-3 lb./100 ft. row or 400-600 lb./acre **Use with MegaPhos SP Phosphorus Solubilizing Microbe.**

\$15.50 / 10 lb. bag \$41.95 / bag \$39.85 / 10+ Bags

Fish Bone Meal, steamed (4-14-0) 50 lb. USDA Organic 40 Bags/Pallet

Our one powdered phosphorous option, this marine-based alternative made from white fish processed for human consumption is a great source of organic phosphorus and calcium (12-17%). The fish odor in this bone meal is mild.

\$67.99 / bag \$64.99 / 10+ Bags \$61.11 / Bag per Pallet

Foxfarm's Happy Frog Cavern Culture, Bat Guano (0-5-0)

High phosphorous bat guano with active microbes. Bat guano is especially good for spectacular flowers and multiple bud development. m2-3 cups per 10 sq.ft. Top dress early spring and once in late fall or at the first sign of bud development.

\$13.99 / 4 lb bag

Liquid Phosphorous ProPhos (0-20-0) 3.5-gallon USDA Organic

This product can be used in dripline systems.

\$145.00 / 3.5 gallon

Rock Phosphate Ida-Gro Pelletized (0-3-0) 50 lb. OMRI 40 Bags/Pallet

20% total phosphate, 3% available P_2O_5 , 23% calcium; Soil biology speeds release; 300-500lb/acre yearly **Use with MegaPhos SP Phosphorus Solubilizing Microbe.**

\$26.95 / 50lb. bag \$25.61 / 10+ Bags \$24.25 / Bag per Pallet

Seabird Guano (0-11-0) +22% Ca - 44 lb. Bag. OMRI 48 Bags/Pallet

Fast-acting high phosphate levels with significant additional calcium. Can be used as a top dressing by drip irrigation for readily bioavailable phosphorus/calcium in row crops, raised beds, flower & shrub beds and fruit tree orchards. For use in transplant mix in soil: 1tsp. per gal of soil mix/growing medium. For top dressing: 1tsp. per gal. of soil. For tea: 2Tb. per gal. into a fine mesh bag, never loose.

\$85.40 / bag \$81.13 / 10+ Bags \$76.86 / Bag per Pallet

Potassium Sources

Bio Link Liquid Potassium (0-0-6) 2.5-gallon **OMRI**

Derived from sulfate of potash. Can be sprayed, drenched or fertigated.

\$61.00 / 2.5 gallon

Potassium Sulfate Granular (0-0-50-Sulfur 17%) 50 lb. **OMRI** 40 Bags/Pallet

Use with alkaline soils – will lower pH Naturally occurring, mined product. This is a soluble SOP for crop production. It is best to apply according to your soil test or crop requirements.

\$14.99 / 10 lb. Bag \$45.99 / 50lb. Bag \$43.99 / 10+ Bags \$41.35 / Bag per Pallet

Diamond K Potassium Sulfate Soluble (0-0-50-Sulfur 17.5%) 50 lb. **OMRI** 40 Bags/Pallet

Use with alkaline soils – will lower pH Suitable for using in drip irrigation systems or for float-irrigation. Naturally occurring, mined product. Apply based on tissue analysis, soil test reports or known crop demand; general rate to apply without previously listed info may be 1 lb./1000 sq. ft.

\$45.95 / Bag \$43.65 / 10+ Bags \$40.35 / Bag per Pallet

Sunflower Hull Ash Soluble Powder (0-4-34) 50 lb. **OMRI** 40 Bags/Pallet

Use with acidic soils – will raise pH Soluble potassium from an unmined, renewable source. It's high pH (~10) will increase pH in acidic soils. The potassium source also includes 8% calcium, 4% sulfur, 4% magnesium, .05% boron, 0.11% iron, 0.11% sodium, 335 ppm zinc, 165 ppm manganese, 4.5 ppm molybdenum, 1 ppm cobalt. Screened at 100 mesh.

\$8.00 / 5 lb. Bag \$54.95 50 lb. / Bag \$52.21 / 10+ Bags \$49.46 / Bag per Pallet

Liming Sources

Hi-Cal Lime 50 lb. **USDA Organic** - 55 Bags/Pallet

100% pulverized limestone; superior to dolomitic lime when soil is already high in magnesium; 38% elemental calcium; 95% calcium carbonate; 50 lb./1000 sq. feet or 1 ton/acre.

\$11.95 / Bag \$11.35 / 10+ Bags \$10.76 / Bag per Pallet

Calcium Carbonate Pellet 50 lb. - 56 Bags/Pallet

Superior to dolomitic lime when soil is already high in magnesium and in a convenient pellet for broadcasting with a spreader.

\$11.75 / Bag \$11.15 / 10+ Bags \$10.58 / Bag per Pallet

Hi-Cal Lime Pelletized SuperCal 98G 50 lb. **OMRI** 56 Bags/Pallet

Pelletized limestone, high in calcium and less than 0.5% Mg. Elemental calcium is 38%. Calcium carbonate equivalent is 95%. Apply one ton/acre or 50 lb./1000 sq. ft.

\$12.75 / Bag \$11.63 / 10+ Bags \$11.48 / Bag per Pallet

Micronutrients, Minerals, Soil Conditioners, and Acidifiers

Azomite Granular or Micronized 44 lb. OMRI 50 Bags/Pallet

Naturally mined, volcanic material w/ 66+ minerals & trace elements to improve depleted soils and assist in plant nutrition & growth. Field crops: 250lb/acre followed by 100lb/acre annually. Vegetables & Flowers: 5 lb./100 sq. ft. Grapes, Roses & Shrubs: 0.5-1 lb. lightly tilled around plant.

\$28.95 / bag \$27.50 / 10+ Bags \$26.05 / Bag per Pallet

Blacksmith BioScience MegaPhos SP Phosphorus Solubilizing Microbe OMRI

Use this phosphorus solubilizer to unlock the bioavailability of phosphorus already in your soil and/or when amending your soil with phosphorus. Active ingredient *Bacillus megaterium* strain HM87. Labeled for use in most produce, forage, lawn and turf crops. **\$125.00 / 1lb bag**

Boron 10% Pelleted 50 lb. OMRI 40 Bags/Pallet

Derived from Sodium Calcium Borate, non-acid forming, product of Chile, side dress plants or broadcast across the garden. Apply in the concentration indicated by your soil test.

\$6.99 / 5 lb. Bag \$38.95 / 50 lb. Bag \$36.99 / 10+ Bags \$33.39 / Bag / Pallet

Diamond K Premium 97 Solution Grade Gypsum – 50 lb. Bag

An extremely pure soluble source of calcium-sulphate. When used according to soil test results, Diamond K Premium 97 improves crop yields, quality, and soil structure.

\$13.95 50 lb. Bag \$13.25 / 10+ Bags \$12.55 / Bag / Pallet

Elemental Sulfur 90% 50 lb. Tiger Brand OMRI 40 Bags/Pallet

Lowers pH w/o potential aluminum sulfate toxicity; great for blueberries. 10 lb./1000 sq. ft. or 400 lb./acre to lower pH 1 point

\$7.95 / 10 lb. Bag \$28.95 / 50 lb. Bag \$27.50 / 10+ Bags \$26.05 / Bag per Pallet

Foli-Cal by Monterey – Liquid foliar calcium treatment. Consider use of this product when plants show signs of distress from calcium deficiency. Uptake of calcium through the leaves will work more efficiently than through amending soil with lime products.

\$12.99/ Pint Concentrate \$8.99/ RTU Quart

Fox Farm – Bush Doctor Cal-Mag (1-0-0) OMRI

Calcium and magnesium help strengthen cell walls and aid in fruit development, helping you avoid the costly and frustrating deficiencies that cause problems like blossom end rot and tip burn. Feeding rates available on Foxfarm.com

\$16.49 / 32 oz

Fox Farm – Gringo Rasta pH Down

It's time to get down! Our Gringo Rasta® pH DOWN utilizes citric acid to lower the pH of your nutrient solution in both soil and hydroponic environments. Feeding rates are available at www.foxfarm.com

\$7.99 / 16 oz

Fox Farm – Liquid Iron (1-0-0) – OMRI

Iron is essential to plant growth, playing a vital role in green up, energy production, and nitrogen fixation. Bush Doctor® Liquid Iron is like a nutritional supplement, giving plants iron when they need it most. For use on trees, shrubs, citrus and roses. Feeding rates are available at www.foxfarm.com.

\$16.99 / 16 oz

Fox Farm – Manganese (1-0-0) – OMRI

Manganese plays a valuable role in photosynthesis and helps plants hold their own against environmental stresses. Feeding rates available at www.foxfarm.com.

\$16.99 / 16 oz

Gypsum Nutrasoft Pelletized 40 lb. – OMRI 70 Bags/Pallet

Improves structure of heavy clay soils; 22% calcium oxide; 14-15% sulfur (no effect on pH) 12-50 lb./1000 sq. ft. or 300-500 lb./acre (Replaces the Ida Gro bag)

\$13.95 / bag \$13.25 / 10+ Bags \$12.55 /Bag per Pallet

Humic DG 40 lb. – OMRI 50 Bags/Pallet

This granular Humic acid is a natural soil conditioner that acts as an organic chelator and microbial stimulator. It includes a high concentration of trace minerals and organic acids and enhances the plant's ability to take in essential nutrients and improve soil structure. Proven benefits of humic acid include increasing soil carbon, improving plant health, improving germination and viability of seeds, stimulating beneficial microbes, chelating nutrients to increase availability to plant, and improving soil structure for better aeration and water movement. Row crops apply at 4-10lbs. per acre. Broadcast at 40 lbs. per acre. Potting soils mix 2-10 lbs. per cubic yard.

\$8.99 / 5 lb. bag \$58.00 / 40 lb. bag \$55.99 / 10+ Bags \$52.75 / Bag / Pallet

Magnesium Sulfate (Epsom Salt) Mg 9.8%, S 12.9%. – OMRI 49 Bags/Pallet

Fast-acting Mg & S fertilizer. It can be used as a foliar application and mixed w/ pesticides or liquid fertilizers. Apply up to 100 lb./acre but not side dressed or broadcast.

\$13.99 Monterey 4 lb. jug \$30.99 / 50 lb. bag \$29.44 / 10+ Bags \$27.89 /Bag per Pallet

KMAG or SulPoMag 50 lb. – OMRI 40 Bags/Pallet

Intrepid Trio brand KMAG or SulPoMag is 100% natural Langbeinite, a long-lasting, readily available source of low-chloride potassium (22%), magnesium (11%), and sulfur (22%). It is ideal for fruit, vegetable, and row crops. Trio is certified Safe Feed/Safe Food. This product is granular for easy broadcast application

\$43.95 / 50 lb. bag \$41.75 / 10+ Bags \$39.55 / Bag per Pallet

Biological Amendments

Wakefield HERO BioChar and Compost Blend – 60 Bags/Pallet

Compost HERO biochar blend is made with premium Wakefield BioChar, organic compost, and mycorrhizal fungi to create a superior soil conditioner. The recipe starts with our 20% premium biochar. Vegetable Gardens & Flower Beds: Mix 1/2-inch BioChar Source into top 4-6 inches of soil, seed, and water in. Potted Plants: Mix BioChar Source in at 10-20% (by Vol.) of your potting soil. Vegetable & Flower Transplants: Add a 1/2-1 inch layer of BioChar Source to the transplant hole and mix with existing soil. Turfgrass: Add 1/2 inch of BioChar Source prior to seeding or laying down sod. Work into 4-6 inches of existing soil. Add seed, rake and water thoroughly.

\$16.00 / 1 cu. ft. bag \$15.20 / 10+ bags

KenKashi Liquid Concentrate

This specific blend of microorganisms created through fermentation is the same as EM-1 but produced locally in Floyd County, VA. These microbes can be used to improve the fertility and health of nearly anything - from vegetable crops, to orchards, lawns, and ornamentals. These microbes not only improve grow rates of plants but they are also an effective disease prevention. Kenkashi is even great to spray on a compost heap to activate decomposition, and it can be flushed down toilets to help with septic systems. It is extremely concentrated and can be diluted at a rate of 1 ounce per gallon of water or it can be brewed in a compost tea to make even larger quantities.

\$30.00 / 32 oz. \$60.00 / gallon

Endomycorrhizal Inoculant (BEI) from BioOrganics – OMRI

Blend of eight types of endospores; 50 spores/cm³; use as inoculant for veggies, grapes, fruit trees, berries & flowers by dusting roots, blending into potting soils, or working into soil before seeding; 2-3lb/acre or dust 1/2 tsp./transplant; 3lb treats 1500 veggie transplants

\$44.95 / 1.5 lb. jar

Big Foot Mycorrhizae Root Builder Concentrate Water-in Root Inoculum – OMRI

Endomycorrhizae, Biochar, Kelp, Worm Castings, and Humic Acid. Dissolve 1 tsp per gallon of water. For transplanting, dip bare roots or root ball in solution. For existing plants, drench solution in root zone.

\$18.99 / 4 oz \$29.99 / 8 oz

Mikro-BW Bloom Wizard 8 FL oz – USDA Organic

A blend of *Bacillus subtilis* and *Bacillus amyloliquefaciens* root colonizers that promotes root growth and plant protection soluble seaweed, humic and fulvic acids as well as amino acid to support active microbes. Can be used as a foliar spray.

\$27.75 / 8oz bottle

Mikrobs Microbial Superpack 8 oz. bag. – OMRI

An organic microbial blend of Rhizobacteria, endomycorrhizal fungi, and beneficial fungi used for stimulating root growth and vigor, providing proactive defense against fungal pathogens, parasitic bacteria, and pest insects. Promoting fast-acting nutrient uptake ability, it also contains humic/fulvic acid, amino acid, kelp, molasses, giving it accessible nutrients and growing bed.

\$26.50/ 8 oz bag

WormGanic Worm Castings 1 cu. ft. bag - 55 Bags/Pallet

These castings are derived from worms fed an organic corn silage diet on peat moss bedding. High in organic matter, worm castings will enhance any soil or soilless media with increased water holding capacity, increased biological activity and improved soil structure. This 'vegetarian' worm casting product does not have the same micronutrient levels as manure-based castings. It offers an affordable bulk option, but if you have specific micronutrient needs, we recommend blending in some powdered Azomite, Kelp meal, Alfalfa meal or other liquid fertility amendments to make up the difference. For lawn treatments, use 1 bag (1 cu. Ft.) per 1000 sq. ft.

\$15.99 / 1 cubic foot bag \$15.19 / 10+ Bags \$14.39 / Bag per Pallet

Liquid Fertilizers

Aqua Power (5-1-1) 1 Gallon – OMRI

This fish fertilizer has the same analysis as Alaska Fish Fertilizer which we can no longer source.

\$21.99 / 1 gallon

Bio Link Liquid Potassium (0-0-6) 2.5 gallon – OMRI

Derived from sulfate of potash. It can be sprayed, drenched or fertigated.

\$61.00 / 2.5 gallon

Brown's Fish Fertilizer (2-3-1) – OMRI

Produced in Western North Carolina as a byproduct of a freshwater trout farm. Brown's is a fish hydrolysate and is produced using a cold process so that it contains all the nutrients, vitamins, enzymes and natural growth hormones. It is filtered down to 120 mesh and can be used in drip line systems. Phosphoric acid is used as a pH stabilizer and as a source of phosphorus that plants need. **General Application Rate:** 2 Tbsp per gallon water every 2-3 weeks or 2-3 gallons per acre four times during the growing season.

\$22.95 / 1 gallon \$91.95 / 5 gallon

Fish & Poop - Monterey Liquid Fish and Guano Fertilizer (9-6-2)

1 quart concentrate makes 64 gallons; treats approximately 4,000 ft. sq. Derived from fish solubles, seabird guano and other ingredients. Use as a foliar spray or a liquid drench to supply crops with balanced nutrition. **\$13.49 / 32 oz**

FoxFarm - Big Bloom Liquid Plant Food (0-0.5-0.7) – OMRI

Micro-brewed formula with earthworm castings, bat guano, Norwegian kelp, and rock phosphate. Foliar feed with every other watering for boosting fruit and flowering or drench roots to perk up struggling plants. ½ oz. per gallon for seedlings and transplants. 2 oz per gallon for general feeding.

\$16.99 / 32 oz

FoxFarm:

These two special brews are designed to enhance plant size and structure, allowing for more abundant fruit, flower and bud development. It is formulated with a low pH to maintain stability in storage and keep micronutrients available. Feeding rates are available at www.foxfarm.com. Be careful you choose the correct bottle in the store – for soil planting or hydroponics – we carry both!

- **Grow Big Hydro Plant Food (1-0-0 5%Mn) _ \$20.99 / 32 oz**

Fox Farm – Tiger Bloom Buds & Blooms (2-8-4)

FoxFarm Tiger Bloom® is a phosphorus fertilizer that contains nitrogen to support vigorous growth. It is formulated with a low pH to maintain stability in storage and keep micronutrients available. Tiger Bloom® can be used for both hydroponic and soil applications. Tiger Bloom® is designed to encourage abundant fruit, flower, and multiple bud development. Use Tiger Bloom® at the first signs of flowering through harvest. Feeding rates are available at www.foxfarm.com.

\$20.99 / 32 oz

Medina HastaGro Plant (6-12-6)

A natural plant and microbial food ideal for drip irrigation. Can also be foliar fed. Contains high-quality N-P-K plant food complexed with humic and fulvic acids, Medina Soil Activator to stimulate biological activity, and seaweed extracts and sugars to stimulate fruiting and blooming. Nitrogen is derived from clean urea sources.

\$19.99 / 1 gal \$92.00 / 5 gallon

Medina Horticultural Molasses Soil Stimulator 1 gallon

Liquid molasses great for composting teas or mixing with your other liquid fertilizers to feed soil microbes.

\$12.25 / 1 gallon

Neptune's Harvest (2-3-1) Fish & Seaweed Fertilizer – OMRI

Builds the natural sugar in plants; Increases marketable yields and improved shelf life on fruits and vegetables; flowers and foliage will be stronger and more colorful, blooms more plentiful, fragrant and long lasting.

General Application Rate: 1 oz. per gallon water if foliar feeding, 2 oz. per gallon water if feeding through drip irrigation.

\$18.95 / 1 quart \$48.99 / 1-gallon \$95.00 / 5-gallon 55gal – ask for details

Neptune's Harvest Rose and Flowering Formula (2-6-4)

Made with fresh fish, molasses, yucca extract, seaweed, and humic acids. 1 oz/ gal.

\$25.99 / 1 quart

Neptune's Harvest Seaweed Plant Food (0-0-1, 60+ micronutrients & amino acids) OMRI

Seaweed's growth promoting substances (Auxins, Cytokinins, Gibberellins) enhance plant development, color and vigor. Seaweed has also been found to increase plant hardiness and resistance to adverse environmental conditions, such as early frost, extreme heat and lack of moisture. Used as a seed inoculant, seaweed fertilizer increases and accelerates germination and enhances the rapid development of a healthy root system. 1 oz/ gal.

\$19.99 / 1 quart \$38.95 / 1 gallon

Neptune's Harvest Tomato & Veg Formula (2-4-2)

A complete fertilizer for tomatoes, vegetables and more. Made from fresh fish, seaweed, molasses, yucca extract and humic acids, uniquely designed for plants with intense growth or "vegging" stages. Growers using "Tomato & Veg" have seen increased stalk/stem mass resulting in higher yields. Tomato & Veg provides necessary nutrients to keep plants vigorous with strong root zones and lush foliage, increasing tolerance to various diseases, temperature and drought. For best results: Use Tomato & Veg Formula in combination with Rose & Flowering Formula as follows... Part 1: TV, during the vegging stage of the plant. Part 2: RF, once buds begin to appear, when flowering begins.

\$24.95 / 1 quart

ProPhos Liquid Phosphorous (0-20-0) 3.5gal – USDA Organic

This product can be used in dripline systems.

\$145.00 / 3.5 gallon

True Organics (4-1-3) Bulk Fish Fertilizer – OMRI

Fish and molasses blend uniquely formulated for organic fruit and vegetable production; this is the stuff used by many large commercial organic growers in CA. As a liquid fertilizer, True has an edge over other fish products in its ability to maintain an even consistency rather than clumping or settling. It runs through a drip system cleaner than other fish products. Recommended rate is similar to Neptunes Harvest. We sell True out of a 275-gallon tote and offer increasing discounts depending on the quantity you buy. Bring your own container or buy a container from us. We sell 5-gallon containers with spouts for \$5.99- and 55-gallon barrels for \$20.00.

Pest & Disease Management

AzaGuard 3% Insect Growth Regulator insecticide /Nematicide – OMRI

Best for broad spectrum larval insect control, especially leafminers, whiteflies, and aphids

3% Azadirachtin – active ingredient derived from neem seed extracts. AzaGuard has multiple modes of action and prevents molting between larval, pupal and nymphal stages, and also repels insects on treated crops, reducing insect damage to plants. AzaGuard controls more than 300 different insect species in greenhouse and field applications.

Tank mix to control all stages of insect life.

\$240.00 / 32 oz

AzaSol Bio-Insecticide, 6% Azadirachtin, Powdered Concentrate – OMRI

Best for broad spectrum larval insect control, especially leaf miners, whiteflies, and aphids

The Next Generation Neem. A water soluble 6% Azadirachtin powder insecticide and insect growth regulator, from the Neem tree. Provides an exceptionally potent, non-oil based, and environmentally friendly insect control solution for trees, shrubs, turf, garden, vegetables, fruit trees, and herbs. Can be used as a spray, soil drench, tree injection or through chemigation. Leaves have no oily residue, will not clog of equipment, Won't burn leaves or block photosynthesis, is systemic and translaminar (Absorbed through leaves) and can be used the same day harvest.

\$26.99 / 0.25 oz

B.T. (Bacillus thuringiensis) Dipel DF and Javelin WG – OMRI

Best for caterpillars

Kills leaf-eating caterpillars by paralyzing the digestive system; death in two days; harmless to beneficials, animals & humans; comes as a soluble granule to be used as a spray.

\$17.95 / 1 lb. Bag

\$89.00 / 5 lb. Bag

B.T. (Bacillus thuringiensis) Liquid Concentrate by Monterey – OMRI

Same active ingredient as above but in an easy to mix liquid concentrate. Mix 1.5 ounces per 3 gallons of water for fruits and vegetables and 2 ounces per 3 gallons of water for stubborn bagworms, other worms and caterpillars on shade trees and ornamentals.

\$25.99 / RTU 32 oz

FungOUT Fungicide and Bactericide Concentrate - 2.5 Gallon – OMRI

Best for powdery mildew, fire blight, black rot, bitter rot, anthracnose, bacterial canker, downy mildew, target spot, black spot, and septoria leaf spot 1.07% Citric Acid- FungOUT establishes a protective barrier on foliar surfaces that inhibits fungal and bacterial pathogen development. This product can be used on the day of harvest for cleaning fruits and vegetables and is completely odorless.

\$72.00 / 2.5 gal

Natural Wet Wetting Agent – OMRI

Non-ionic surfactant that can be added to the spray tank to enhance spreading and sticking properties of the spray solution. It can also facilitate nutrient and water absorption and can be applied to potting mixes to aid in the uniformity of water absorption. This product reduces surface tension of all liquids, increases water uptake in plants as well as water penetration into the soil and increases drainage and reduces salinity. Pairs efficiently with Dipel DF (see above).

\$28.95 / Gallon

BerryCARE Fungicide and Bactericide Concentrate – OMRI

This citric acid-based fungicide/insecticide creates a protective barrier on the surfaces of leaves in fruits and berries, protecting the outer cell walls of the plants from being penetrated by fungal and bacterial pathogens. Can be used leading up to and on the day of harvest.

\$70.00 / 2.5 gal

BioSafe Sanidate – OMRI

Best for post harvest sanitation. GAP approved!

A broad spectrum bactericide/fungicide approved for disease control in greenhouse surfaces and equipment and also post harvest sterilization and food prep.

\$114.99 / 2.5 gal

\$18.99 / 6 lb. shaker can \$27.99 / 40 lb. Bag

EcoShield by HOMS 64oz OMRI

Botanical Insect Control. Use in vegetable gardens, lawns, berry bushes, and on ornamentals. Quickly kills most agricultural insect pests including mites, aphids, leaf beetles, caterpillars, ants, as well as lawn pests such as ticks, mosquitoes, fleas. Made from organic plant oils from farms in the Southeast. Not a systemic pesticide and safer for use around pollinators. OMRI listed for botanical insect control on animals and livestock.

\$24.99 / 64 oz concentrate

Fruit Tree Spray Plus by Monterey – OMRI

Best for pest, fungus, and mite control Spray in evening to avoid pollinators and phototoxicity.

1 pint concentrate makes 16 gallons. Broad spectrum insecticide, fungicide and miticide. Active ingredients include Pyrethrins and Neem. Effective for treating pests on fruit & nut trees, ornamentals, shrubs, flowers, and vegetables.

Can be used up to the day of harvest. **\$33.50 / 16 oz**

Garden Insect Control Spinosad by Monterey - OMRI

A broad-spectrum insecticide containing Spinosad, a compound produced through the fermentation of a naturally occurring soil bacterium. Spinosad targets the insect nervous system, leading to paralysis and death within 1 to 2 days.

\$38.99 / 32 oz \$112.99 / gal

Horticultural Oil by Monterey – OMRI

Best for early season broad spectrum pest control.

80% mineral oil – This is the same product as the agricultural sized TriTek by Brandt but in smaller packaging. If you need the TriTek size, we can special-order. 1 quart concentrate makes 12-25 gallons spray. Average application rates: Vegetables, fruits & ornamentals = 1-2 gallons; Mature fruit tree = 3-4 gallons; Citrus trees = 8-15 gallons. Effective for smothering adults, larvae and eggs of aphids, mites, scales, whiteflies and other soft-bodied insect pests. For the dormant and growing season. Mixes well with other pest controls. Toxic to fish; use caution when applying to avoid runoff and/or drift to sensitive areas.

\$11.99 / 32 oz \$28.99 / gal

Insect Killing Soap Concentrate by Safer 16 oz. – OMRI

Best for control of small, soft bodied insects.

A natural insecticide, fungicide, and miticide made from 49% potassium salts of fatty acids. Kills a wide variety of insect pests, yet it can be used up to the day of harvest! 2.5 oz/ gallon. Makes 6 gallons.

\$8.49 RTU \$13.99/ 16 oz

Insect Killing Soap Concentrate, DES-X 2.5 gal. – OMRI

Same as above but in a larger size for commercial production.

\$129.95 / 2.5 gal

Neem Oil Concentrate by Rango – OMRI

70% Neem cold pressed concentrate. Cold pressed Neem keeps the full spectrum of active compounds intact including 0.35% azadirachtin, making Rango a great value for what it can offer!

\$29.99 / 32 oz

\$79.99 / 1 gallon

Orange Oil Concentrate by Medina

This product does not have a pest label, but orange oil has been known for generations to be a natural pest control, most especially effective on fire ants. This product is much more concentrated than other orange oil products on the market, such as Orange Guard. As a foliar spray, mix 2 ounces per gallon of water, and as a soil drench, mix 4 ounces per gallon. Orange oil also works great as a natural cleaning solution! This product is not available in larger sizes. The company says that the orange oil degrades most plastics used in the manufacturing of larger bottles.

\$23.99 / 32 oz

6/cs - 10% off case quantity

Kaligreen Potassium Bicarbonate – OMRI

Best for powdery mildew

Same active ingredient as **Carb-O-Nator & Milstop**. 81.9% microencapsulated potassium bicarbonate fungicide. Kaligreen is a fast-acting broad spectrum foliar fungicide that disrupts the potassium ion balance in target cells which collapses the cell walls.

\$62.9 / 5 lb bag

Pyganic Gardening 8 fl. oz. – OMRI

Best for broad spectrum insect control – Spray in evening to avoid pollinators

Active ingredient is 1.4% PyGanic; treats 6,000 ft. sq. Same product as below, but in a more cost-effective size for smaller applications. Most effective control achieved when used at first sighting of pests. Mix only what you need to treat effected area and use personal protective equipment when spraying. Broad spectrum insecticide for over 100 pests. Avoid use around **honeybees & water sources containing fish**. (This is the same product as Monterrey's Bug Buster, but we've started carrying this instead because it's more economical.)

\$25.95 / 8 oz

Pyganic Concentrate 32 oz. – OMRI

Best for broad spectrum insect control – Spray in evening to avoid pollinators

Broad spectrum insect control w/fast result; use on all indoor & outdoor plants; zero pre-harvest interval; non-corrosive pyrethrin liquid; 1-2 oz/gal water; Call or email for pricing on larger sizes or 5% concentrates

Regalia Biofungicide by Marrone 1 qt. – OMRI

Can be used with Regalia and Grandevo as a complete integrated pest management program. The Marrone product line has strong efficacy among organic farmers but has previously been available only in sizes and with pricing out of reach of small growers. No more – smaller sizes are now available! Regalia Biofungicide delivers better yield and improved harvest quality. Its ISR and SAR modes of action increase crop performance by stimulating a plant's innate ability to fight diseases. This fungicide offers preventative activity and early control of yield-robbing diseases that result in increased marketable yield and profit on every acre. For more info and application rates, visit marronebio.com.

ACTIVE INGREDIENT: *Reynoutria sachalinensis* **\$73.99 / 32 oz**

Biosafe Sanidate 2.5 gal – OMRI

Best for post-harvest sanitation. GAP approved!

A broad spectrum bactericide/fungicide approved for disease control in greenhouse surfaces and equipment and also post-harvest sterilization and food prep.

\$114.99 / 2.5 gal

Serenade Biofungicide Concentrate – OMRI

Best for broad spectrum preventative fungicide

Microbial biofungicide (bacillus subtilis) that controls lettuce downy mildew, botrytis brown rot, grape powdery mildew & much more; applied as a preventative fungicide; non-toxic to beneficial insects. Note: Quart size no longer exists; see Cease for 1 gallon quantity

\$114.95 / 2.5-gallon

Entrust (spinosad) by Corteva 16oz – OMRI

Entrust (22.5% Spinosad: Spinosyn A & D) provides control of an extensive range of foliage-eating insects. Entrust provides a quick knockdown and residual control through two modes of action: contact and ingestion, disrupting the target's nervous system. Entrust is labeled for most caterpillars, Colorado potato beetles, flea beetles, spotted wing drosophila (SWD), and more. **Entrust is the most concentrated and economical (cost per acre) Spinosad available for certified organic growers.**

\$612.99 / quart (16oz)

Conserve SC (spinosad) Insect Control 11.6% by Corteva 16oz

Conserve is another spinosad concentrate similar to Entrust however not approved for organic production and around half the concentration (11.6% Spinosad: Spinosyn A & D). Labeled for control of thrips, lepidopterous larvae, foliage feeding works, fire ants and much more!

\$174.00 / quart (16oz)

Spinosad Liquid Concentrate by Monterrey – OMRI

Best for Colorado potato beetles, yellow margin leaf beetles, & worms

Spinosad A & D, 0.5%; Use in vegetable gardens, fruit trees, lawns, ornamentals; controls Colorado potato beetles, corn borers, ants, fire ants, beetles, caterpillars, worms, fleas, leafminers, spider mites, thrips, codling moth, Japanese beetles & more; 2 oz/1 gal water.

\$22.99 / 16 oz \$36.99 / 32 oz \$109.99 / gallon

Surround Crop Protectant 25 lb. – OMRI

Great for shielding crops from intense sun Made from Kaolin clay; a particle film barrier that protects fruits, veggies, & foliage but doesn't block light; use on fruit & veg. crops to suppress numerous types of insects; cover fruit & foliage before infestation for best results; 2 cups/gal or 50 lb./100 gal.

\$49.99 / 25# Bag

Tree Banding Gum, Treekote 15 oz.

Great for trapping crawling insect pest on tree trunks or on garden plants

A "sticky" gum used to help protect trees from crawling insect pests and the damage that they can cause, without using pesticides or other harmful chemicals. Provides an effective barrier against crawling insects such as gypsy moths, tent caterpillars, ants, obscure root and pecan weevils, tussock moth caterpillars, climbing cutworms and cankerworms, to name a few. U.V. stabilized to provide long lasting protection. Twice the holding strength of the best known brand on the market today. Can also be used in your garden to help protect vegetables from crawling insect pests without using chemicals.

\$17.99 / 15 oz

ZeroTol HC Liquid Concentrate 1 gal. – OMRI

Broad spectrum algaecide, bactericide, fungicide

Use to suppress/control bacteria, algae, fungi, moss, slime molds, scum and mildew and the diseases and odors caused by these organisms. Can be applied to hard surfaces, tools, and equipment (including hydroponics) as well as on plant surfaces and lawns and turf. For best effects, use before or at first sign of pest pressure. **Controls:** various mildews, leaf spots, botrytis, leaf blight, phytophthora, pythium, and more.

ACTIVE INGREDIENT: 5.34% Hydrogen Peroxide, 1.36% Peroxyacetic Acid

\$54.95 / 1 gallon

Hoops & Accessories

Galvanized Steel Wire Hoops 74" length x 0.135" diameter

These wire hoops are designed to hold row covers, exclusion insect netting and low tunnels above your crops to protect them especially in tunnel production. They come in pre-cut straight lengths for convenience in transport and storage.

\$1.50 each **\$125 / Pack of 165 +/-**

Tunnel Flex Retractable Low Tunnel System - 50' kit

Dubois Agrinovation proudly presents its new retractable low tunnel system perfect for North American weather. It is simple, easy to set up, and the investment cost is 3 times less expensive than high tunnels. This system can be adapted to your productions. It includes hoops, clear thermal film perforated on both sides, and bungee elastics. The elastics allow you to maintain the structure in place and to pull up or down the sides according to the type of microclimate that you need.

Check it out online @

Growing Mediums

Black Gold Organic Compost by Sungro 1 cu. ft. – OMRI

This compost blend offers a mixture of peat moss and aged compost to improve soil moisture retention, aeration, and drainage. Made from peat moss, aged compost from dairy manure, greenwaste, and bark.

\$8.50 / Bag \$8.10 / 10+ Bags

BioChar and Compost Blend, Wakefield HERO– Compost HERO biochar blend is made with premium Wakefield BioChar, organic compost and mycorrhizal fungi to create a superior soil conditioner. The recipe starts with our 20% premium biochar. Vegetable Gardens & Flower Beds: Mix 1/2-inch BioChar Source into top 4-6 inches of soil, seed, and water in. Potted Plants: Mix BioChar Source in at 10-20% (by Vol.) of your potting soil. Vegetable & Flower Transplants: Add a 1/2-1 inch layer of BioChar Source to the transplant hole and mix with existing soil. Turfgrass: Add 1/2 inch of BioChar Source prior to seeding or laying down sod. Work into 4-6 inches of existing soil. Add seed, rake and water thoroughly.

Coast of Maine, Organic Soils, Soil Mixes & Conditioners:

Simplify your growing with Coast of Maine soils blends, composts and conditioners. These natural soil and compost formulas have been fine-tuned for over 25 years to encourage healthy soil biology and give your plants the support they need for big blooms and bountiful harvests.

Coast of Maine, Bar Harbor Potting Soil 2 cu. ft. – OMRI

This lightweight soil mixture is made with salmon, blueberry, lobster and other composts, as well as calcium and chitin-rich lobster shells, sphagnum peat, perlite and kelp meal. It is dark brown in color and provides the perfect balance between water retention and drainage needed for healthy plants. Media is fine enough to use in small cell seeding applications. Available in totes if coordinated with store orders.

\$17.95 / Bag \$17.05 / 10+ Bags \$15.85 / Bag Pallet of 48

Coast of Maine, Cape Neddick Houseplant Potting Soil OMRI This blend is specially formulated for indoor houseplants and flowers using coarse coconut coir, perlite, sphagnum peat moss, and aged bark to optimize drainage and aeration for robust root development. Whether you are growing peace lilies, spider plants, philodendrons, monsteras, or other popular or exotic houseplants, this unique compost-free blend provides the optimum structure and benefits for nurturing strong, beautiful indoor plants and flowers.

8 quart \$7.99/ Bag 16 quart \$13.99 / Bag

Coast of Maine, Lobster Compost 1 cu. ft. OMRI

Coast of Maine Organic Products Quoddy Blend Lobster Compost is made with chitin and calcium-rich lobster shells, compost and sphagnum peat moss. It is a dark-brown, complex soil filled with naturally occurring microorganisms all plants need for healthy growth. It drains well and is an ideal soil conditioner for existing beds that need reinvigoration. High calcium content makes this a great amendment for tomato and pepper beds! High chitin levels make this a natural pest deterrent – given that chitin releases an enzyme in the soil that can serve as an insect repellent. Available in totes if coordinated with store orders.

\$10.95 / Bag \$10.40 / 10+ Bags \$9.50 / Bag Pallet of 80

Coast of Maine, Raised Bed Mix 2 cu. ft. OMRI

This rich and diverse soil grows big and healthy vegetables, herbs and flowers. It is made with a mixture of manure compost, worm castings, lobster and kelp meals, mycorrhizae, greensand and biochar. It is ready to use straight out of the bag with no need for additional components or tilling. Great for raised beds, planter boxes, and container gardens and should provide season long fertility without need for supplemental feeding. Available in totes if coordinated with store orders.

\$17.95 / Bag

\$17.05 / 10+ Bags

\$15.50 / Bag Pallet of 48

Coast of Maine, Sprout Island Seed Starter 2 cu. ft – OMRI

A rich mixture of blended sphagnum peat moss, perlite, kelp meal, worm castings and well-aged compost. It contains mycorrhizae and is ready to use in cell packs* or flats and provides natural moisture retention and aeration. It has a mild organic fertilizer charge that creates a biologically diverse environment ideal for germinating seeds and root cuttings. *Recommended for 72 cell or larger.

Cocoa Shell Mulch, Hull Farm (1 cu. ft. bag)

It's hard to get some chocolate when you're a plant. Hook your perennials up! Cocoa mulch is made from discarded shells of the cocoa bean pods after they are roasted in the process of making chocolate. These make a fantastic mulch that lasts longer, has some fertility (2.5 – 1 – 3) and supports the growth of mycelial networks in perennial spaces. Coarser chips, a pH of 5.8 and slower breakdown than other mulches make cocoa mulch suitable for most perennial spaces.

Coconut Coir Block, Seven Springs

Coconut Coir is a natural fiber made from coconut husks and is a renewable resource alternative to peat moss. The extraction of the coconut fiber husks results in a by-product called coco pith or coco coir. Coconut Coir is a 100% natural growing medium and is triple soaked by monsoon rains for 18 months while on the ground and dried in the sun to Ultra Super Wash™ the coconut fiber to ensure salt content is below 0.3-0.5mS/m and a pH of 6.0-6.5. This makes an excellent growing medium for hydroponics or container plant growing. The red color of the coconut pith block hints at product maturity.

FoxFarm Soils, Soil Mixes & Conditioners:

FoxFarm's line of complete soils and soil enhancers consistently perform well in all kinds of applications and help you succeed in whatever you're growing. Their commitment to quality nutritionally balanced soils allows you to cut the bag, fill the pot and get on with growing anything your heart desires.

FoxFarm, Bush Doctor Coco Loco Coconut Coir Potting Soil 2 cu ft.

Coco Loco contains triple washed coconut coir to ensure that additional salts are not a concern in your plant production. This mix requires less watering than other mixes and is suitable for transplant production, potted plants, hanging baskets and vertical gardening. This mix is primarily coir, aged forest products, perlite and amended with worm castings, bat guano, kelp meal, oyster shell, dolomitic lime and topped off with a dose Mycorrhizal inoculant containing 15 different strains.

\$20.99 / Bag \$19.99 / 10+ Bags \$16.25 / Bag for Pallet of 48

FoxFarm, Happy Frog Potting Soil 2 cu ft.

A planting mix alive with beneficial microbes and fungi that help break down organic matter and feed plant roots. This is the only planting mix we've seen that has an ingredient panel listing the species and quantities of each of the bacteria and mycorrhizal fungi colonies in the mix. Happy Frog also includes composted forest humus, peat moss, perlite, worm castings, bat guano, humic acid, oyster shell, and dolomitic lime.

\$17.50 / Bag \$16.63 / 10+ Bags \$13.50 / Bag for Pallet of 60

FoxFarm, Happy Frog Soil Conditioner 1.5 cu ft.

Use this blend to amend vegetable garden beds, roses, established perennial plantings, fruit trees, herb gardens or any other space that could use some love. Made of aged forest products and amended with worm castings, bat guano, oyster shell, dolomitic lime, humic acids, and 15 different strains of mycorrhizal fungi.

\$11.99 / Bag \$11.39 / 10+ Bags \$10.25 / Bag for Pallet of 75

FoxFarm, Ocean Forest Potting Soil 1.5 cu ft.

Similar to Happy Frog, but extra enriched with fish and crab meals, this potting mix will make even the brownest thumbs turn green!

\$15.99 / Bag \$15.19 / 10+ Bags \$12.99 /bag for Pallet of 75

Malibu Compost Bu's Blend Biodynamic Compost 1 cu ft. USDA Organic

Organic Valley dairy cow manure, straw, vineyard wood chips, and biodynamic concentrations of yarrow, chamomile, valerian, stinging nettle, dandelion, and oak bark. Hand-crafted from a base of dairy cow manure, laid in windrows to mature and treated with biodynamic preparations. The effects of these biodynamic preparations used in biodynamic compost have been scientifically proven to enhance the flavor, nutritional value and keeping qualities of produce while eliminating the need for pesticides, fertilizers, and other man-made soil steroids.

\$35.99 / Bag \$34.19 / 10+ Bags

SUNGRO Grower's Gold Potting Mix – 2cu.ft.

- A versatile mix perfect for container gardening. Made with coconut coir for excellent moisture retention, it features the same high-quality ingredients as the Sunshine® #4 mixes (Processed Softwood Bark, Canadian Sphagnum Peat Moss, Perlite, Compost, Coconut Coir, and Dolomite), making it great media for both indoor and outdoor applications.

\$14.99 / Bag \$14.24 / 10+ Bags \$13.50 bag/ pallet of 48

SUNGRO Natural & Organic PROFESSIONAL GROWER Mix w/ 5% Worm Castings - 2.8 cu.ft.

OMRI University-formulated mix containing Canadian sphagnum peat moss, perlite, dolomite lime and yucca extract as an organic wetting agent. Sungro has just started blending worm castings into this standard mix to provide added nutrition and biology. Product available in our store as of 2019 has the worm castings added.

\$21.50 / Bag \$20.42 / 10+ Bags \$17.00 / pallet of 51

Peat Moss 3.8 cu.ft. compressed bale OMRI –100% Canadian sphagnum peat moss, ideal for starting seed, raised beds, and soil conditioning.

\$33.95 / Bag \$32.25 / 10+ Bags

Perlite (asbestos free) Good for potting mixes; used to improve drainage.

8 quart \$9.49 / Bag 4 cu. ft. \$24.99 / Bag \$23.74 / 10+ Bags

Permatil 40lb bag. Permatil is a kiln fired slate product that expands the slate to provide pore space. When incorporated into heavy compacted soils, permatil creates much needed pore space for roots, oxygen, and water, improving your plant's growth. Permatil also creates an undiggable barrier, keeping voles away from your garden spaces. Once incorporated into the soil, permatil does not break down and does not need to be reapplied.

\$15.49 / Bag \$14.72 / 10+ Bags

Rice Hulls DOMESTIC! 50 lb. (size of a large cube containing ~7 cubic feet) **OMRI 16 /Pallet**

This parboiled rice hull is a renewable resource that is a good alternative to perlite and vermiculite which come from overseas and are becoming harder to source. It is also less dusty. Parboiled rice hulls have a pH near neutral to slightly alkaline. However, because of their low cation-exchange capacity, they have little effect on the substrate pH.

\$26.50 / Bag \$25.18 / 10+ Bags \$23.85 / Bag per Pallet

Vermiculite, Coarse 4 cu. ft. (asbestos free) This is the vermiculite most commonly used in square foot gardening because it tends to hold up longer in the soil than medium grade.

\$31.95 / Bag \$30.35 / 10+ Bags

Fine Grade Vermiculite (asbestos free) Good alternative for smaller containers and seed starting mixes.

8 quart \$12.49 / bag

4 cu. ft. \$26.95 / bag \$25.60 / 10+ Bags

Vermont Compost Fort Vee & Fort Light 60qt bags Approved for Organic Certified Farms – Tried and true manure-based organic soils for seed starting and potting up. With plenty of lead time, we can also source 2 cu. ft. totes, other products in the Vermont Compost line, and offer discounts on pallet quantities of bagged material. Reach out to melinda@cfhsupply.com for details.

\$47 / Bag 2 cu. yard tote \$785.00 for special orders Ask about our fall truck!

WormGanic Worm Castings 1 cu. ft. bag - 55 Bags/Pallet

These castings are derived from worms fed an organic corn silage diet on peat moss bedding. High in organic matter, worm castings will enhance any soil or soilless media with increased water holding capacity, increased biological activity and improved soil structure. This 'vegetarian' worm casting product does not have the same micronutrient levels as manure-based castings. It offers an affordable bulk option, but if you have specific micronutrient needs, we recommend blending in some powdered Azomite, Kelp meal, Alfalfa meal or other liquid fertility amendments to make up the difference.

For lawn treatments, use 1 bag (1 cu. ft.) per 1000 sq. ft.

\$15.99 / 1 cubic foot bag \$15.19 / 10+ Bags \$14.39 / Bag per Pallet

Cool Season Cover Crops

All of our cover crop seeds are **NON-GMO**. When possible, we stock organic certified options. The list below is most applicable for crop producers. For a complete list of our annual cover crops and perennial forages as well as pricing, see our website and click on the link for **Cool Season Seed Pricing**.

Austrian Winter Peas – Fixes 70-125 lb. Nitrogen/acre; sow 2-3 lb./1000 sq.ft. or 70-120 lb./acre; early to mid-fall – We typically stock untreated seed as well as a small amount of organic certified. You may need to special order if you want 50lbs. or more of organic certified seed.

Barley – Plant in fall, Great for goat forage and cover crop, Broadcast at 140lb. per acre or 3 lb. per 1000 sq. ft. – We typically stock organic certified seed.

Chicory– Sow 3-4# to the acre in either Spring or Fall to enhance wildlife forage plots. Once established chicory can produce forage for several years and boasts as much protein as some legumes in feed value. Seed is treated with 'yellow jacket' seed-starter, a plant hormonal germination enhancer.

Clover, Crimson– Fixes 80lb Nitrogen/acre; sow 1/2-2 lb./1000 sq. ft. or 20-40 lb./acre; cold/shade tolerant. We stock uncoated/untreated conventional crimson clover seed.

Clover, Medium Red – Perennial legume used to rest & rebuild soil; sow 4-6 oz/1000 sq. ft. or 10-15 lb./acre; plant early spring or late summer. We stock uncoated seed. We can special order organic red clover, but as of yet have not had enough demand to keep it stocked.

Clover, Ladino (White) – Tall growing perennial clover; provides 100lb. nitrogen/acre when plowed in; sow 9 lb./acre or 2-5 lb./acre w/ other grasses. We stock uncoated seed. To the best of our knowledge, organic certified seed is unavailable.

Clover, Dutch White – Low growing perennial clover great for isle ways, lawns, and cover crop; sow 2-5 lbs./acre with other seed or 9 lbs./acre on its own; provides 100lb. nitrogen/acre when plowed in. We stock uncoated seed. To the best of our knowledge, organic certified seed is unavailable.

Hairy Vetch – Extremely winter hardy and best legume for nitrogen fixation! Matures late spring, so choose hairy vetch when you are planting late spring crops (April / May). Sow 30-40 lb./acre or 25 lb./acre w/rye; fall. We typically stock untreated and organic certified seed.

Kale, Smooth/Spring – Sow in either Spring or Fall for tasty, tender young leaves. Fall-seeded plots are moderately winter hardy and may continue to yield throughout winter if conditions are mild; severe cold may take out some plants. Sow 12# to the acre or ½# per 1,000 ft. sq. for wildlife/forage plots.

Oats – 2.5 lb./1000 sq.ft. or 100 lb. per acre when sown alone. 1-2 lb./1000 sq.ft or 50 lb./acre when sown with a legume. We typically stock untreated and organic certified seed.

Tillage Radish – A brassica excellent at breaking up compacted soil & scavenging leached nitrate; produces biotoxins that help control soilborne pests and pathogens; provides weed control & may be mixed with winter grains; Sow at a depth of 1/4 - 1/2"; broadcast at 12-15 lbs./acre. We typically stock untreated seed and special order organic certified seed for those who need it.

Rape – Sow 8 lb/acre. An excellent brassica cover crop for sowing when you need to follow with an early spring crop. We stock untreated seed. To the best of our knowledge, organic certified seed is unavailable.

Winter Rye Grain – Sow 2.5 lb./1000 sq. ft or 100 lb./acre alone; 1.2 lb./1000 sq. ft. or 50-60 lb./acre when sown w/ a winter legume. We typically stock untreated and organic certified seed.

Winter Wheat – 120 lb./acre; winter or spring. We typically stock untreated and organic certified seed.

Warm Season Cover Crops

All of our cover crop seeds are Non-GMO. When possible, we also stock organic certified seed options. The list of seeds below we feel is most applicable for crop producers. For a complete list of our annual cover crops and perennial forages as well as pricing, see our website and click on the link for [Warm Season Seed Pricing](#).

Buckwheat –Great early maturing cover crop and great for bees! Sow 3 lb./1000 sq. ft. or 130 lb./acre. We typically stock untreated and organic certified seed.

Millet, Browntop – 25 lb. per acre – This millet has many uses including wildlife forage plots, hay, seed production and erosion control. Browntop will grow 2-3 feet tall and produce seed in 50-60 days. Tolerant of drought, poor soil and able to withstand flooding (waterfowl habitat &/or hunting).

Millet, Japanese – 25 lb. per acre – Low growing grass cover that can be easily mowed. Good for temporary summer control of soil erosion if disrupting land. We stock untreated seed. To the best of our knowledge, organic certified seed is unavailable.

Millet, Pearl – 25 lb. per acre – A preferred summer grass cover for growers because of the large amount of biomass it produces. Typically pearl millet is sown with cowpeas for a complete cover. We have had a difficult time in recent years sourcing an untreated pearl millet. Most pearl millet seed comes treated with a fungicide. Check with us in the summer months to see if we've been able to source untreated seed. To the best of our knowledge, organic certified seed is unavailable.

Cowpea– Great summer legume! Sow at 4 lb. per 1000 sq. feet or broadcast at 90 lb. per acre. We typically stock untreated seed. To the best of our knowledge, organic certified seed is unavailable. Current varieties on hand include IRON & CLAY and PINK EYE PURPLE HULL.

Sorghum Sudangrass – Plant at 1/2"-1" depth; 10-20 lbs./acre in rows or 25-35 lbs./acre drilled or broadcast. This plant produces a fantastic amount of biomass. You will need to mow a couple of times to control or it will be nearly impossible to take down later. We stock untreated seed. To the best of our knowledge, organic certified seed is unavailable.

Sunflower, Perodovik 25 lb. per acre – This is a black oil sunflower, field variety. Sow at 8 lbs. per acre. We stock untreated seed. To the best of our knowledge, organic certified seed is unavailable.

SunnHemp 15-20 lb. per acre – Tall, quick growing, vigorous drought tolerant annual legume with tremendous biomass and nitrogen fixing potential. Use Guard-N inoculant with this seed to fix nitrogen. To the best of our knowledge, organic certified seed is unavailable.

Drip Irrigation Parts List

Filters:

1" Filter **\$65.95**

¾" Filter **\$16.95**

Toro Aqua-Traxx Tape - 8 mil available in 4", 8", and 12" drip spacing

2000' \$105.00

7500' \$219.00

Toro Aqua-Traxx Tape - 10 mil available in 8" and 12" drip spacing

6000' \$219.00

Toro Aqua-Traxx Tape - 15 mil available in 8" and 12" drip spacing

1000' \$105.00

4000' \$219.00

Tubing, Solid (could be white or black, supply varies; white poly is black inside)

1/8" poly 100' **\$16.00**

¾" poly 100' **\$35.99**

¼" poly 100' **\$25.00**

¾" poly 500' **\$130.00**

½" poly 100' **\$29.00**

1" poly 100' **\$46.99**

½" poly 500' **\$75.99**

1" poly 250' **\$105**

1" poly 500' **\$196.00**

Tubing with Built in Drippers

¼" micro line 100', ½ gal/hr. emitters, 12" spacing **\$18.95**

½" brown poly Drip Line 100' ½ gal/hr. emitters, 12" spacing **\$44.99**

We can special order other sizes, spacing, flow rates... just ask!

Drip Tape Fittings

#9442		10 PSI Pressure Regulator 3/4" – low pressure needed for drip tape	\$12.50
#19844		15 PSI Pressure Regulator 3/4" – works better with thicker mil drip tapes	\$12.50
#19871		12 PSI Pressure Regulator 1" – use with larger filters and header systems	\$13.95
#9446		Adapter Connects Tape to Header	\$1.25 Bulk bag of 50 for \$45
#11103		Shut Off Valve for Tape w/ Locking Nut	\$2.75 Bulk bag of 50 for \$90
#9445		Tape Coupling	\$0.95 Bulk bag of 50 for \$36
#9459		Tape Elbow Fitting	\$2.85

½" Line Fittings

#9467		Adapter Connects Regulator to 17mm	\$2.15
#9472		Tee for 17mm	\$3.50 Bulk bag of 25 for \$70
#9473		Elbow for 17mm	\$2.50 Bulk bag of 25 for \$50
#9471		Coupling for 17mm	\$0.95 Bulk bag of 25 for \$24
#9469		Shut Off In-Line Valve for 17mm line	\$2.75 Bulk bag of 50 for \$120
#11899		Shut Off Valve for 17mm Line – Connects Line to Header	\$2.25 Bulk bag of 50 for \$95
#9474		Adapter Connects 17mm Drip to Header	\$1.65 Bulk bag of 50 for \$45
#9465		17mm Adapter for Flushing End Cap	\$1.59 Bulk bag of 25 for \$37

#9466		Flushing End Cap	\$1.95 Bulk bag of 50 for \$85
#9464		Figure Eight Closure 17mm	\$0.40

3/4" Line Fittings

#9441		35 PSI Pressure Regulator 3/4"	\$11.99
#9481		3/4" Adapter for Pressure Regulator	\$3.50
#9470		Shut Off Valve for 3/4" Header	\$4.25
#10570		Coupling for 3/4" Line	\$3.25
#9475		Tee for 3/4" Header	\$4.50
#9818		Elbow for 3/4" Header Line	\$4.50
#9466		Flushing End Cap	\$1.95
#9479		3/4" Adapter for Flushing End Cap	\$3.25
#9476		3/4" Figure Eight Line Closure	\$0.50

1" Line Fitting

9484		35 PSI Pressure Regulator 1" – use with larger filters and header systems	\$13.95
9490		Insert Tee for 1" Header	\$7.50
10573		Insert Elbow for 1" Line	\$4.60
10572		Insert Coupling for 1" Line	\$2.50
10575		3/4" Female Hose Thread to 1" Powerloc Adapter	\$7.50
10574		1" Male Thread to 1" Powerloc Adapter	\$1.95
10577		1" Glue to PVC to 1" Powerloc Adapter	\$1.50
10576		3/4" Male Thread to 1" Powerloc Adapter	\$2.65
19937		1" Figure Eight Line Closure	\$0.50

Micro Fittings / Misters / Sprinklers / Wobblers

#9452		Sprinkler Stake for Spaghetti Tubing	\$0.25 Bulk bag of 25 for \$5.00
#9436		0.5 GPH Dripper/Emitter	\$0.40 Bulk bag of 100 for \$30
#9437		1.0 GPH Dripper/Emitter	\$0.40 Bulk bag of 100 for \$30
#9451		Plug for Female Adapter	\$0.13

#9486		Male Adapter for Micro Tubing	\$0.20 Bulk bag of 100 for \$16
#9450		Female Barb for Micro Tubing	\$0.20 Bulk bag of 100 for \$18
#17446		1/4" Barbed Coupling for Micro Tubing/Drip	\$0.20
#008		1/4" Elbows and Tees	\$0.30

#9487		Shut Off Valve for Micro Tubing	\$0.75
#9454		Purple/Green Misting Sprinkler for Seed Germination	\$0.95
#22045		Mini Compact Sprinkler, 16' Spray Pattern. Space 8' apart, can hang or mount on risers	\$1.20
#22044		Non-Drip Valve, opens at 21.7 psi. Used on hanging sprinklers to prevent drip	\$1.20
#19803		Sprinkler Weight for Suspending Misters – Snaps Onto Tubing.	\$0.70
#9456		Mister / Sprinkler Stake (Black)	\$0.65
#19800		Wobbler – Uses 18'' Stake for adapting to 1/2'' PVC riser – 10-12' spacing	\$2.95
#19804		Large Black Clip Stake 18'' for Wobblers. Can be inserted on 1/2'' PVC risers	\$1.25
#19797		Micro Sprayer – 6-8' spacing, larger droplet spray pattern than mister, can be on riser	\$0.80

Repairs/ Maintenance/ Miscellaneous

#19801		Key Tool – all purpose tool for irrigation assembly & dismantling	\$4.75
#18515		Hose Clamps for 1" – 1¾" line	\$1.50
#9443		Goof Plug ¼" (Small) – Pack of 10	\$0.70
#9444		Goof Plug Large	\$0.65 Bulk bag of 50 for \$27
#13673		Teflon Tape for Sealing Threads	\$4.75
#9819		Backflow Preventer	\$6.25

This list represents the basics of what we most commonly stock for irrigation. We also have several other irrigation supplies not listed here (i.e. timers, fertigators, hose fittings, tools, etc.) We routinely special-order other sizes of tubing, tape, parts, etc.

New wobblers in action
